Note for the Dewan

In ~~1889~~, Genl
excused the Trichinopoly
Municipality of the

Rs 60 for 5 years
ending with June

grounds of poverty.
The Municipal Comrs
in the Memorial
presented to the Dewan
when he visited the
place in January
1894, requested that
they might be
permanently excused
from paying the
Gen Monthly —

Arsikere is an important Railway Station, & the Railway buildings pay no municipal tax. The annual Revenue is

+

Rs 1836, while its annual expenditure is Rs 1912. The Gen moiety of Inoculation is ~~Rs 551~~, Rs 544. I recommend the permanent grant of the Gen moiety.

Tax on houses	706
Inoculation	382

2. The Municipality also proposed to introduce octroi on betel leaves, Arecs, & sheep

Meanwhile, it will
afford the Municipality
some relief, of the

I think we must give

The Society of Mushaitupa was granted for five years in January 1890 for the five years ending 1893-4. The receipts & expenditure of the Municipality during the 5 years should be noted below the Budget Estimate figure being given for 1893-4.

The Dy Comm's letter is too vague as it does not give the necessary figures to form an idea of the financial position of the town. and it is not stated what increase to the present revenue will be derived by fixing the remaining moiety of the Mushaitupa to the town and by levying the Octroi as proposed.

Note also the moiety of Mushaitupa revenue of the 5 years

Sir,

I have the honor to submit that the Municipal Members of Arsikere Town have, in a meeting held by them on the 22nd December last passed a resolution to the effect that owing to the poor income of the Municipality, permission should be solicited for levying octroi duty on Betel leaves, Tobacco, Sheep and goats on the ground that the revenue will be improved from duty on these items. During the late tour of the Dewan the Members urged the same prayer before the Dewan. The town of Arsikere is rising in importance

and the means derived at present is barely sufficient to meet the requirements; more so, as at present no Mohatarfa is paid by the Company on Railway buildings. This question is pending orders of Government.

I therefore request you will be good enough to obtain sanction for levying Octroi duty on the items above noted.

extended up to the end of the current official year 1893-4.

3 As regards the levy of further introduction of octroi, the Deputy Commr's letter does not furnish the necessary information. He is requested to report on the following points

(1) At what rate of duty on each of the articles mentioned is it proposed intended to levy the octroi.

(2) What annual revenue is expected from each of the articles

(3) In many of the Minor Municipalities the octroi is limited to piece goods and in the proposal submitted with the Budget for 1889-90 for Arsikere the Deputy Commr had desired that at least piece goods and animals for Slaughter chiefly should be brought under octroi. Why are piece goods now excluded and what revenue

Note for H. Dewan

Owing to the absence of rules for the collection of octroi & penalties to be levied, I have been declining to sanction recommendations for the imposition of new octroi pending the revision of the municipal tariff. But as there is no chance of the municipal tariff being revised now, may I sanction this recommendation which I once refused? Octroi is obstructive to trade & we want clear rules being the effect of Law. How can we issue any rules without a law? If you think we can, I shall take up the old rules in force Bangalore & re-issue them with such modifications as may be necessary.

calling for Submission of certain
details in connection with the
introduction of Octroi into
the Sirikere Municipality,
I have the honor to Submit
herewith a Statement showing
the rates proposed to be levied
on each of the articles and the
expected annual income there-
-from, prepared by the members
of the Municipality, based upon
information on the transaction

carried on in the Shandy of the place. The rates proposed are all fair, except on Tobacco, the prevailing rate being Rs. 1 per maund..

2. As regards the Exclusion of Piecegoods, I beg to state that I do not agree with the members of the Board. Piecegoods are subjected to the tax in many Municipalities in the Province and the tax is easy of collection on them. They are very suitable articles for the imposition of octroi.-

3. The members propose the Embankment of an Establishment as noted in the margin at a cost of Rs. 132

1. Karikoor on Rs. 6
1. Boor on Rs. — 5
Total Rs. — 11

per annum. The procedure, however, laid down in para 15 of Enhancing this work to the Chanboque could with advantage be followed in the case of Trici- -here as it will be economical to the Municipality. —

4. Under these circumstances I request you will be good enough to obtain Sanction of Govt. to the introduction of the impost from the beginning of the offl. Year. — I have the honor to be,
